

STANFORD UNIVERSITY

DEPARTMENT OF BOTANY

STANFORD UNIVERSITY, CALIFORNIA,

April 10, 1923

Professor P. A. Munz
Department of Botany,
Pomona College,
Claremont, California.

My dear Professor Munz:-

Pomona and the Pacific Coast is to be congratulated upon the acquisition of the Jones Herbarium. It will add greatly to the facilities for the study of Taxonomy and Plant Distribution on this coast. That and the Baker Herbarium ~~added~~ gives you a splendid working herbarium and I look forward with pleasure to visiting *you* in the near future.

The question of the Los Angeles Flora is a perplexing one. Unless some means can be devised for publishing this in southern California I am afraid it will have to be dropped. I do not feel that I can personally finance a new edition. Would your college be interested in taking this over?

Yours sincerely,

Leroy Abrams,
Department of Botany
